Howe, Mrs. Samuel R., future traffic patterns for TB-RD associations, *Apr 12-13*
Immunity: to TB, *Feb 5*
Isoniazid: *see:* Chemoprophylaxis
IUAT: report on XIXth conference, *Feb 3-6;* plans for XXth conference, *Oct 11*

J-K-L

James, George, M.D., life, liberty and pursuit of quality (in health care) *Dec 9-14*
Jenkins, Daniel E., M.D., NTA name change, *Apr 2*
Keeven, Henri, Surinam TB association founding, work of, *Jul-Aug 13-15*
Laboratories: NTRDA program emphasis, *Feb 12;* services vital in TB control, *Jun 2;* role of associations in improvement of, *Jun 3-5;* photo story, tracking down M. tuberculosis, *Jun 6-7;* Florida network of, *Jun 8-9;* services, California training program for, *Jun 10-12*
Lifson, Sol S., problems in school health education, TB-RD association role in, *Jan 12-14*
Linton, Ron M., the urban environment, *Sep 3-6*
Liska, Paula M., R.N., extended care for the emphysema patient, *Mar 10-12*
Lung: children's diseases of, *Jan 10-11;* transplants function immediately, *Sep 12;* causes of cancer in, *Sep 13*

M

Mario M. Fischer, M.D., obituary, *Apr 16*
McDermott, Walsh, M.D., TB at home and abroad, *Nov 7-11*
Meade, Gordon M. M.D., tuberculosis in 2,000 A.D., *Dec. 6-8*
Medical education: visiting physician program, Massachusetts, *May 5-7;* RD education and research project, Norfolk Co., Mass., *Jan 6-9*
Middleton, John T., legislating clean air, *Oct 8-10*
Miller, Ronald A., supportive effort of NRDC, *Feb 2*
Mitchell, Roger S., M.D., air pollution, multiplying menace to health, *Jul-Aug 6-8*
Monroe, Anne S., tuberculosis of the spine in a 2-year old, *Dec 2-3*

N

NRDC: as partner to NTRDA, *Feb 2*
Noehren, Theodore H., M.D., future of RD patient care, *May 8-11*
NTRDA: state of the union, *Feb 10-14;* name change, *Apr 2;* research grants, *May 13-15;* new publications, *Oct 14-15*
NTRDA statements and resolutions: on school health programs, *Jan 14;* on smoking and health, *May 12*
Nursing: extended care program for RD patients, *Mar 10-12;* front-line care of patients, *May 8-10*

O-P-R

Patients: retreatment of TB, IUAT study, *Feb 4-5;* extended care for emphysema, *Mar 10-12;* education of TB, *Apr 6;* the lost patient, *Apr 10;* chronic RD, disability the final answer? *May 2-4;* two proposals for care of RD, *May 8-11;* pursuit of quality care, *Dec 9-14; see also:* clinics, treatment, respiratory disease
Perkins, James E., M.D., report on NTRDA's state of the union, *Feb 10-14*
Poverty: cause of urban problems, *Sep 4;* and TB problem, *Sep 9*
Respiratory disease: community program in chronic chest disease, *Jan 6-9;* in children, *Jan 10-11;* silicosis, *Feb 7-9;* rehabilitation of patients, psychological factors, *May 2-4;* treatment of, visiting physician education program, *May 5-7;* rehabilitation program, *Nov 3-6;* and cigarettes, *Nov 12-14; see also:* nursing
Riley, Richard L., M.D., how infectious is TB? *Dec 4-5*
Roberts, William F., California laboratory training program, *Jun 10-12*
Rouse, Milford O., M.D., faith, hope, and planning (in health care), *Sep 7-8*

S

Sander, Oscar A., M.D., silicosis, the preventable occupational lung disease, *Feb 7-9*
Schneider, Nathan J., Jeffries, Mildred, and Ferguson, S. Howard, M.D., regional laboratory program, Fla., *Jun 8-9*
School health programs: opening windows in the walls, *Jan 12-14;* NTRDA statement on, *Jan 14;* School Press Project, 1967-68, *Jun 15*
Silicosis: preventable occupational lung disease, *Feb 7-9*
Silver, Harold M., M.D., disabled by chronic RD—is this the final answer? *May 2-4*
Smoking: FCC "fairness doctrine" ruling, *Feb 13;* how did society get into the cigarette mess? *Mar 7-9;* NTRDA Board resolution on, *May 12;* cigarettes and respiratory disease, *Nov 12-14*
